WINTER WEATHER ARRIVES IN COUNTY

West Berliners Demand Force

By JOSEPH B. FLEMING
United Press International
BERLIN (UPI)—West Berliners today demanded that the West use military force if necessary to save it from the Communists. The East Germans immediately replied that the Soviet Union would defend them against Western attack.

East German Deputy Premier Hans Loch warned against Western "aggressive acts." He denounced West Berlin as a disruptive force in the middle of East Germany and said it must abandon its anti-Communist stand.

"The Soviet Union has given a renewed serious warning to all aggressors," Loch said in a statement carried by the East German news service ADN. "She has stated that any attack on our republic... will be considered an attack on herself."

Soviet Power Move
Loch pledged East Germany's support for the Russian move to turn West Berlin into a state-city, but West Berlin leaders and citizens alike rejected the proposal and called it a cunning Soviet power attempt to swallow another part of the free world.

West Berlin Mayor Willy Brandt warned the Western powers: "Do not put your head in the sand. The naked existence of the city is at stake."

2,200,000 people who live in West Berlin is at stake. The Soviet goal is absolutely clear—all of Berlin is to be incorporated into the Soviet Zone.

Brandt said the United States, Britain, and France must back up the city with their military might and announced he would fly shortly to Washington to discuss the situation.

Give Solemn Pledge
He said the Allies have given their solemn pledge to defend the city and "we cannot release our Allied friends from this responsibility."

Brandt's warning was echoed by Ernst Lemmer, top representative of the West German government in Berlin. He said West Berlin would never agree to become a no-man's-land in the middle of Germany and Europe.

Most Berliners immediately conjured up a vision of the free city of Danzig which was annexed by Adolf Hitler the moment he saw fit.

West German Chancellor Konrad Adenauer, speaking in Bonn, assured anxious Berliners that Western Allied security guarantees will save the city "no matter what the developments of the future will be."

Most Serious Threat
He said the Western powers will do everything to keep the city free and its routes to the West open.

He said the Western demand Thursday that the Western Allies quit the city posed the most serious threat since the war to cut off West Berlin from West Germany. The Russians protested that West Berlin become an undefended city independent of West Germany and stripped of all Western backing.

The city is surrounded by Communist territory. It is encircled by 22 Soviet divisions and 120,000 East German soldiers.

THE LOAD SHIFTED—A 20,000-pound heat exchanger being hauled to Chicago for the Atomic Energy commission lies on the pavement near the overturned semi-trailer at Kenosha, Wis. The load shifted on a curve, and over everything went. Truck had left Milwaukee, Wis., shortly before.

Miss Alice Waters Will Be Honored Sunday By Methodists

On next Sunday the congregation at the First Methodist Church will celebrate Alice Waters Sunday, according to a statement by the pastor, Rev. Paul T. Lyles.

Miss Alice Waters, one of the oldest members of the First Methodist Church, spent forty-three years of her life in China. She is now ninety years of age.

Miss Waters went to China in 1892 and, except for six furloughs, spent the next forty-three years as a missionary.

According to the pastor, this observance is being sponsored by the Commission on Missions of the First Methodist Church. Harold Douglas is the chairman of the commission.

The Methodist Church has pioneered in missions in many countries. The Methodist work in China has a long and historic past. Miss Waters has a place in the hearts of those who have shared an interest in the missionary program.

Miss Waters now lives at 304 North 6 Street and is surrounded by many loyal and devoted friends. She has one brother, Richard Waters, who resides at 219 South 12 Street and many relatives.

A picture of Miss Waters has been placed in the Educational Building of the First Methodist Church. A circle in the Woman's society of Christian Service has been named for her.

Carl Farris Dies Thursday

Mr. Carl L. Farris, age 71, died suddenly Thursday morning at 9 o'clock at his home at 505 Vine street in Murray. He was born in Henry County, but moved to Murray more than 51 years ago.

He is survived by his wife, Mrs. Susie Farris; Murray; two daughters, Mrs. Napolean Parker, Murray; Mrs. James Kindred, New Concord; three sons, Otto and Keys Farris, RFD 6, and Clifford Farris RFD 6, six grandchildren and two great-grandchildren and several nieces and nephews.

He was a member of the Cherry Corner Baptist Church where the funeral will be conducted Saturday afternoon at 2 o'clock with Rev. R. J. Burpee and Rev. Norman Culpepper officiating. Burial will be in Hicks cemetery. Friends may call at the J. H. Churchill Funeral home until the funeral hour.

Weather Report

United Press International
Kentucky Weather Synopsis:
A disturbance in western Texas has spread snow northward across Oklahoma, Missouri, parts of Kansas and Iowa and through most of Illinois, Indiana, Ohio and northern Kentucky. South of a line from London to Memphis, Tenn., rain is falling, while a mixture of snow, sleet and freezing rain is reported across central Kentucky, northern Tennessee and Arkansas. The poorly defined disturbance in western Texas is expected to develop across the western Gulf of Gulf States today.

This storm is most likely to move east to the Carolinas, in which case it will continue to snow in Kentucky with an accumulation of several inches on the ground.

If the storm moves up the Ohio Valley, an alternative possibility, the snow will change to rain this afternoon or tonight, then back to snow again Saturday as the center passes east of Kentucky.

At 6 a.m. today Covington reported three inches, Louisville two inches and Evansville, Ind., had five. Indianapolis had two and two to four inches were reported through southern Illinois.

Outlook for Sunday—Partly cloudy and continued unseasonably cold.

Regional Forecast
Southern Kentucky—South of the Evansville—Lexington line, freezing rain, sleet or snow today with little accumulation, high 32 to 37. Rain and snow mixed tonight, low about 30. Snow again Saturday, becoming light flurries by Saturday night. Possibly an inch or two will accumulate on the ground by Saturday night.

except in the mountains, where several inches are likely. Hazardous driving conditions through out Kentucky early today but snow is expected to melt by late afternoon on highways throughout the southern half of the state.

Joe Brewer Named To All WKC Team

Joe Bob Brewer, star halfback for the Murray High School Tigers, won a berth on the All Western Kentucky Conference team for 1958, according to a release from the conference.

Brewer was the only Tiger to place on the mythical team. He has been a chief ground gainer for the Tigers for the season.

Other halfbacks to make the team were McGee of Hopkinsville, Mitchell of oldwell and Overby of Providence.

The rest of the all conference team is as follows: Ends, John Wright, Madisonville, Mitchell of Caldwell and field, John Mutchler of Tighman, Newcombs of Sturgis, and Kennedy of Caldwell.

Tackles, Brock, Owensboro, Poole, Madisonville, Estes, Henderson, Bates of Caldwell.

Guards, Brown, Morganfield, Butler, Madisonville, Curling, Caldwell, Boyd, Hopkinsville, Woodall, Crittenden.

Center, Hopper, Caldwell and Raymond of Owensboro.

Quarterbacks, Anderson, Owensboro, Stewart, Morganfield.

Fullbacks, Heffington, Trigg County, Glover, Henderson.

Preston Jewell Gets Promotion

Preston A. Jewell, aviation electrician's mate second class, USN, son of Mr. and Mrs. Arthur B. Jewell of Murray, and husband of the former Loretta M. Rogers of Farmington, Kentucky, was advanced in rate after successfully passing the August service-wide examinations. His promotion became effective Nov. 16, 1958.

Jewell serves in the Target Drones Department of the U.S. Naval Missile Center, Point Mugu, Calif.

Jewell enlisted in the Navy in August 1952 and took his recruit training at the U.S. Naval Training Center, San Diego, Calif. During his naval career he has served with air squadron at Alameda, Calif., and Jacksonville, Fla. He reported to this command in July 1957.

The mission of the U.S. Naval Missile Center is to test and evaluate guided missiles and their components. Fleet units are also assigned to the Center to be trained in the operations of specific missiles before the missiles are turned over to the fleet for tactical use. Missiles currently tested at Point Mugu are Regulus II, Regulus I, Sparrow III, and Bullpup.

Support Prices On Tobacco Are Released Today

Support prices by grades for type 23 tobacco and type 34 tobacco were released today by the Western Dark Fired Tobacco Growers Association. Loans are made to the association by the Commodity Credit Corporation, which is an agency of the Department of Agriculture.

Holmes Ellis, manager of the association, reported that the average price support loan level for dark fired and dark air cured (one sucker) tobacco is 38.8 and 34.5 cents per pound, respectively. The advance schedules reflect slight increases for some lug grades and some reduction in the loan level for few leaf grades.

The total crop in the district is approximately nine million pounds. This includes the dark fired and dark air cured. The dark air cured market will open at Mayfield on December 11 and in Murray on December 12. The dark fired market is tentatively set to open during the second week in January.

The support prices are as follows:

Police Watch For Expected Rescue Attempt

MURFREESBORO, Tenn. (UPI)—Authorities have placed a heavy round-the-clock watch at the Murfreesboro jail to guard against the possibility of escaped killer Spence Edwards breaking in and freeing a brother held for murder.

Edwards, 35, escaped from a Georgia road gang Tuesday and kidnapped four persons in his flight through four states. All were released unharmed. The FBI today joined in the search for Edwards.

His brother, Harry, 33, was held here on a charge of killing his father-in-law.

Spence Edwards broke into the jail in 1947 and released an older brother, Alfred. They fled to Georgia where Spence killed Garland Fields, a state Bureau of Investigation agent.

Spence was sentenced to life in prison after his recapture. Alfred was sent to a mental institution.

Hubert Turner, held captive by the fugitive during a two-day ride through parts of Georgia, Kentucky and Tennessee, quoted Edwards as saying: "I'll kill anybody who gets in my way."

Thursday, three Murfreesboro teen-agers told officers that Edwards kidnapped them at gunpoint and forced them to drive him to Birmingham, Ala. in a stolen patrol car. The youths, Dwight Thronberry, 17, Enos Carter, 18, and Simon Warner Jr., 16, said Edwards left them after the car developed engine trouble.

The youths insisted they were not involved in the kidnapping and gave them \$10 before he left the car and began hitchhiking. The boys said they returned here and related their experience to FBI agents.

Edwards walked away from the road gang at Dalton, Ga., and a short time later took the 47-year-old Turner as a hostage and commandeered his car. Turner was wounded slightly when Edwards' shotgun went off by accident.

Snow, Sleet, And Ice Greet Residents After Holiday

The first real winter weather of the year arrived late yesterday evening when sleet began to fall in Calloway County. The sleet and rain continued to fall during the night and this morning residents woke to find trees, shrubbery and wires sheathed in ice.

During this morning a combination of ice sleet, rain and snow continued to fall, six inches in the Henderson-Owensboro area by mid-morning and more predicted.

The snowfall in Kentucky fell roughly north of a line from Henderson to Lexington, with London and southeast Kentucky reporting freezing rain but no snow up to 10 a.m. CST.

State police issued a hazardous driving warning to all areas of the state, however, and state Department of Highway crews began sanding and laying abrasives on hills and bad curves early today.

The snow had reached a depth of three inches at Louisville by 10 a.m. CST and hundreds of downtown workers were late to work as the heavy snow snarled traffic. Advance predictions are for five to seven inches at Louisville by Saturday.

Louisville police reported 23 accidents-caused largely by cars sliding into one another-but no serious injuries.

Covington and northern Kentucky reported three to four inches by mid-morning with no apparent letup.

At Louisville, Greyhound buses were arriving 15 to 30 minutes late, with most of the lost time occurring within city limits.

Deadly Finish Is Seen For Holiday

United Press International
Forecast of bad weather for nearly two-thirds of the nation today has hung a black cloud over hopes for safely celebrating the last two days of the Thanksgiving weekend.

The holiday neared its midpoint with a relatively low traffic death toll, but warnings of heavy snows throughout the Southwest and freezing rain across the upper half of the nation threatened a deadly finish to the weekend.

A United Press International count at 9 a.m. EST, showed at least 123 persons killed in traffic since the four-day holiday began Thanksgiving Eve. In addition, 16 persons died in fires, one in an airplane crash and 28 in miscellaneous accidents for an overall toll of 153.

Ohio reported the heaviest traffic toll with 11 dead, followed by California and New York with nine each. Illinois, Alabama and Pennsylvania with eight each and Virginia six.

Stay-At-Home Holiday
The weatherman's gloomy predictions were expected to keep even more people at their own firesides for the remainder of the four-day holiday-already one of the homiest in recent years.

Strikes against two major airlines-Eastern and Trans World-have reduced the nation's air traffic by one-third, and a count in New York City will decide whether to lift an injunction, which has halted a strike at American Airlines.

The holiday death toll was expected to rise at a steady rate today with hazardous driving conditions predicted for the Midwest and Southwest, where snow, sleet and rain glazed highways.

Freezing temperatures were forecast for the New England states.

Lions Club Meets Tuesday

The Lions Club met in regular session Tuesday night. Joe Pat James presided.

Lion Joe Cowan spoke briefly to the Club explaining the procedure of bringing new members into the organization, and the need for members to attend regularly, also the ways to make up attendance.

Lion Rue Overby presented a short quiz in honor of the District governor, Hugh Potter.

Alvin Kopperud had Rev. William G. Spearman, pastor of the Presbyterian church as his guest. The annual Christmas party will be held at Kenlake hotel this year.

Fires Prove Fatal

Among the most tragic accidents of Thanksgiving Day were a fire in North Little Rock, Ark., which took the lives of four children and their parents; a fire which killed five children at a nursing home near Oklahoma City; and a two-car collision near Crossville, Tenn., which resulted in four deaths. A fire at Milford, Conn., killed the daughter of a family which lost four children in a similar fire several years ago.

In other deaths, two girls drowned at a Stoughton, Wis., swimming pool after breaking through ice while skating and two 12-year-old boys fell from a thin ice and drowned in a Chicago park lagoon.

In San Jose, Calif., Mrs. Clara Mulkey, 83, choked to death while eating Thanksgiving turkey.

Pileup Injuries Six
California highway patrolmen said a 34-car pileup near San Francisco at the approach to the southern end of Carquinez Strait Bridge was the worst within memory. Six persons were seriously injured.

The Chicago weather Bureau predicted heavy snows up to four inches in Kansas, Oklahoma, Nebraska and parts of Arkansas and Missouri. Lighter snows were forecast throughout the rest of those states.

ALING—Charles F. Kettering (above), 82-year-old automotive inventor and former GM vice president, is ill at his home in Kettering, O., the town named for him. It is near Dayton. He had a coronary attack, was placed in an oxygen tent.

Trade May Aid Indians On Field

By JOE DURBIN

United Press International
CLEVELAND, Ohio (UPI) — General Manager Frank Lane of the Cleveland Indians, forced to give up two top hurlers to land scrappy Billy Martin, said today the deal could pay off both on the field and at the gate.

While admitting the Indians "gave up plenty," to get Martin, Lane pointed out that the fiery infielder "could make up one-two-three in next year's race, possibly the difference of 300,000 to 400,000 in attendance."

The Indians traded Martin and pitcher Al Ciochetti from the Detroit Tigers Thursday in exchange for pitchers Dan Moss and Ray Narveski and infielder Ossie Alvarez.

Martin, 30, was traded to the Indians exactly one year after he was sent to the Tigers in a 13-player deal with Kansas City.

Has Job To Do
The infielder, who played on six pennant winning teams with the New York Yankees starting in 1950, failed to show any visible signs of being jolted after he learned he had been traded for the third time in 17 months.

Martin, sent from New York to Kansas City during the 1957 season allegedly as the result of a birthday party in the Copacabana that turned into a brawl, said, "It will be nice to be back on second base again."

It's no fun moving, he added, "but I've got a job to do here." Martin indicated he would be happier playing regularly at second base with the Indians than shifting to short and third as he did with the Tigers.

Slipped At Bat
Although Martin failed to put "new life" into the Tigers last season and slipped to .255 at bat, both Lane and Tribe Manager Joe Gordon are counting on him as their regular second baseman.

Lane also noted that with Martin on second, the Indians can switch versatile Vic Power to third, ending a chronic problem at that spot.

The Tigers, the trade apparently solved one of the three major 1959 needs cited earlier this week by Manager Bill Norman.

According to Norman, the Tigers lacked a fifth starter and also a "finishing pitcher" — one who could go into a tight spot in the game and preserve the victory.

Detroit General Manager Johnny McAfee is hopeful that Narveski and Moss can fill the bill.

The Outlook For Murray

The Murray State Racers, 19-50 version, will be thin, inexperienced and short on talent, according to Coach Cal Luther. "About the only strong points of the team will be an outstanding spirit, one top-notch ball player, Terry Darnell, and a determination to improve on last year's 8-16 record," reports Luther.

Only 13 men are out for this year's varsity, and of the 13, only one is a regular from last year and only five are lettermen. The new Racers coach says that he fears every team in the Ohio Valley Conference, and that he expects his team to be the underdog in every conference game, with the possible exception of those with East Tennessee. "And I'm making them an exception only because this will be their first year in the conference and their abilities are unknown," he said.

Luther said that his team did not have good speed, were only fair at rebounding, and thus far, were far from impressive in shooting ability. He said that the squad would sorely miss center Guzman Sullins, forwards Gerald Tabor and Tom Darnall and guards Joe Willmore and Sherill Margineit, who graduated last spring. "The five carried most of last year's scoring load," he explained, "and Sullins was responsible for most of the team's rebounding."

Luther said that the squad was spending much time on defense in early drill and that he hoped the club would develop into a tough defensive outfit.

The coach was high in his praise for Darnell, calling him an invaluable player who is good at everything and a prime choice to make all-conference. The 6-8 senior will play at both guard and forward, Luther said, even though he is more effective at guard. "But since we have strong reserves at guard, we'll use him at forward when we get in trouble there. He's the type of player you want in the game all the time."

Guard Dale Alexander and forward Gene Herndon, both of whom came around fast at the end of last season, are being counted on for lots of action this year as well as senior forward Ken Wray who has shown lots of drive and determination in early sessions and who is indicating that his two years of varsity experience might pay dividends this season.

Luther said, however, that any real success the team would have would depend on the seven sophomores on the squad, who

been working at guard to one of the forward spots, and says that he hopes sophomore Mike O'Riordan, whose play during scrimmage sessions has been spotty, will settle to steady performances of the other.

There have been a few bright spots for Luther, the most notable being the steady improvement of Ken Peterson, 6-9 sophomore center. Darnell has been giving his usual good performances in practice, and guard Dale Alexander has been playing outstanding basketball during scrimmage and is leading the team in percentage shooting.

Other players praised by the

Now priced with the most popular three!

This is the car built with a shrewd buyer in mind. A car that's made right. Styled right. And priced right. For the challenging new 1959 Edsel is actually priced with the most popular three—Ford, Plymouth and Chevrolet! And Edsel's new, low price is just the start. Everything about this all-new car makes sense. Its crisp, clean lines give you the kind of distinction that usually costs much more. Its sound engineering gives you spacious six-passenger room without useless length. Its four new mileage-minded engines include a thrifty six and spirited new V-8 that uses regular gas! See the car that makes history by making sense. At your Edsel dealer now.

Kittens, Mittens, and Life

The Three Little KITTENS

“Three little kittens lost their mittens . . .” Bobby is thoroughly absorbed in the antics of the kittens. He will be pleased to discover that at the end of the story they find their mittens again. Like all children, he wants his stories to have happy endings.

But soon Bobby is going to find out that life's stories don't all have happy endings. Bobby is growing up, out of the land of fairies and elves, into the world of reality. Bobby must learn to meet sorrow with understanding, pain with courage, prosperity with thankfulness, defeat with hope, success with humility—he must learn to face life.

The Church School is waiting with open doors for Bobby, your Bobby. The Church School is prepared to show your children the best ways to make life a success. The Church School is ready to teach your children—in the language of children—the eternal truths of life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

American Legion Auxiliary Meets At Churchill Home

Mrs. Ronald Churchill was hostess recently in her home to a meeting of the American Legion Auxiliary, Mrs. Claude Anderson, president, conducted the meeting.

The meeting was opened with the members repeating the preamble in unison. Mrs. Ebel Key gave the devotion on the theme "Thanksgiving" and closed with prayer.

A message from Mrs. Virginia Bailey, national membership chairman, was read by Mrs. John Williams. The message stated "Just as we know that all living things would perish from the earth without the life giving rays of the sun, as surely do we know that our great patriotic organization devoted to its cause to a free America would perish without members."

A film on the progress of the School of New Hope was shown by Miss Peggy Williams.

A committee was appointed to buy gifts for the children of the school for Christmas.

Mrs. Anderson announced the annual Christmas party for the American Legion and Auxiliary would be held December 8 at the American Legion hall at 6:30.

The rehabilitation committee will be in charge of gifts to be sent to the veterans at Outwood hospital for Christmas. The committee announced that gifts had already been sent to the toy and gift shop for the veterans to send home to their children for Christmas.

At the close of the meeting refreshments of prune cake, coffee and cheese pumpkins were served to 16 members and one guest, Miss Williams, by the hostesses Mrs. Churchill, Mrs. Earl Nanny and Mrs. Nix Harris.

TOWNSEND TARRIES ALONE-LIKE — Peter Townsend, former beau of Britain's Princess Margaret, stands aloof from Belgian photographer Marie-Luce Jamagne during their five-hour San Francisco stopover. He has been reported intending to wed her, but he refused to pose with her. They sighted separately from plane which brought them to the United States from Australia on their world film-making tour.

South Murray Club Meets In Home Of Mrs. Christopher

The South Murray Homemakers club met recently with Mrs. Maurie Christopher on South 15th Street. Mrs. Walter Miller presided in the absence of Mrs. N. P. Cavitt, president.

A devotion with the theme, "This is my Father's World" was given by Mrs. Ollie Brown and prayer was led by Mrs. Henry Hargis. Answering the roll with "My most thankful moment" brought many appreciative reports.

A reminder that now is the time to rake leaves from the lawn before they injure the grass was given by Mrs. Frank Hargis in her presentation of landscaping notes. Mrs. Dave Hopkins accepted the job of Landscape Leader on the resignation of Mrs. Hargis, at the conclusion of her report.

Mrs. Lowell King's use of pictures and color swatches enlivened her lesson "Colors in Accessories" in which she described the various colors that could be used in relation to accessories and showed how to vary one outfit with different accessories.

Guests included Madames E. C. Duggins, H. W. Jetton, Evelyn Puckett, C. R. Searles, Mrs. Karl Husung and Mrs. Edgar Priddy who were welcomed as new members. After a social hour, a salad course was served by the hostess. An all-day meeting is planned for Dec. 11 at 10:30 a.m. at the home of Mrs. Lowell King on the Mayfield Highway.

Color Stressed In Accessories At Homemakers Meeting

Color was stressed in choosing accessories for the wardrobe by Mrs. William Adams and Miss Hilda Sals at the November meeting of the East Hazel Homemakers club held in the home of Mrs. Adams.

The speakers told the group that if the wardrobe is limited and basic clothes are conservative, color in the accessories can bring interest and variety to the wardrobe.

Landscaping notes were discussed by Mrs. Hoyt Craig. She stated that this is the proper time of the year to transplant and various shrubs and flowers.

Eight members answered roll call by naming something they were thankful for. The thought for the month "This is My Father's World" was sung by the group.

Mrs. Adams served dairy sandwiches, cake and hot spiced tea during the social hour. The group adjourned after singing "Sing Your Way Home."

The December meeting will be a Christmas party with the families of the members at a luncheon. Mrs. Leland Aiton will be hostess.

RICH UNCLE

NEW YORK (UPI) — The resignation of Patrolman John Gaul, 39, from New York's finest after 18 years on the force means he will lose his pension — Gaul is not worried. He just inherited 2½ million dollars from an uncle who died last January.

New Concord Club Studies Accessories At Recent Program

The New Concord Homemakers club met recently in the home of Mrs. Ruth Weeks to study "Color in Relation To Accessories."

Mrs. Leon Adams, president, conducted the meeting. Miss Mary Montgomery led in the devotion. The secretary, Mrs. T. R. Edwards read the minutes. Federation officers giving their goals were Madames Hafford Adams — Membership, Alma McCulston — citizenship, T. R. Edwards — publicity, and Miss Montgomery — reading.

The lesson was given by the major project leaders, Mrs. Willie Smith and Mrs. William McCulston. Each modeled accessories and showed designing tricks to "dress up" clothes. The lesson was illustrated with pictures to further develop awareness that variety is the keynote to fashion.

The recreation leader, Mrs. Loman Bailey, entertained with games.

The Thanksgiving motif was used in the refreshments. A visitor, Mrs. Mason McCulston and two new members, Mrs. T. L. Dunn and Mrs. Pete Hughes, were welcomed.

The next meeting will be in the home of Mrs. Willie Smith, December 9 at 10 a.m.

Big Difference In Landing In Jet Plane

NEW YORK — The airlines would do well, it seems to me, to give some kind of tape-recorded briefing to the countless passengers who soon will be filing into the doors of the jets.

The cockpit crew is too busy during take-offs and landings to familiarize people with the somewhat startling differences between this kind of transportation and that to which the customers have long been accustomed. The steward or the stewardess might take care of that chore, but few of them are experienced enough, or sound authoritative enough, to do a proper job. The tapes should be made in basic English, and whatever other languages seem fitting, and should be kept as brief as possible.

For example, the Boeing 707 and presumably the DC8 and Convair's 440 may roll for as many as 40 seconds before taking off. Most airline passengers have been schooled to worry a bit if their plane rolls more than 20 seconds on the ground. The Pan Am 707 in which we flew to Paris last month was doing 180 miles an hour before it lifted off the strip at Idlewild. That's 75 m.p.h. faster than is required for a DC7 or Big Connie to leave the ground.

A few feet off the ground there was a resounding "whoop"—the sound and slight shock of the great landing gear being quickly pulled up. It's a magnificent effective gear, but it caused wonder among the passengers who had no idea that the tremor in the huge craft meant that everything was working right, not wrong.

Fifty feet off the ground, an eerie silence fell upon the engines. I'd bet that 90 per cent of the more than 100 passengers on the plane looked out their windows instinctively, to see if the propellers were still turning. There are, of course, no propellers. Again, it meant that everything was dandy, not ominous.

But how could a person tell? Then there is the question of landing. That, too, should be gone into—very briefly, the jet prepares to touch down. The prescribed pilot practice is to bring the jet in quite high, rather than the gradual let-down to which millions of passengers have been duly conditioned through the years. The air, of course, is to save fuel, which is gulped in vast quantities at low levels. You come into the area of the field at perhaps 20,000 or 25,000 feet, and you are sailing along more smoothly and silent than ever before.

* plus trade of old 21" black and white set less than 5 years old subject to our inspection.

There has been so much interest expressed in Color TV in the past few weeks and our sales have been so good on color that we felt the general public might be interested in some of the commonly asked questions concerning color and our experience concerning these so called problems.

1. DO COLOR SETS REQUIRE MORE SERVICE THAN BLACK AND WHITE?

They do not! A color TV set is basically the same thing as black and white TV with some modifications. Our experience has been that they require no more service calls than black and white. We sold our first color set in the summer of 1956 and have the service call record on this set in our store for your inspection if you would care to see it.

2. IS THERE ANY SERVICE MAN IN MURRAY WHO CAN REPAIR COLOR TV SETS IF THEY DO NEED SERVICING?

There most certainly is! We have two TV technicians who can repair color TV as easily as they can repair black and white. Many people have been given the impression that there is no color TV serviceman in Murray. We herewith set the record straight—we have all the equipment and know how to repair your color set at any time. Come by our store for a demonstration.

3. CAN YOU GET GOOD BLACK AND WHITE RECEPTION ON A COLOR SET?

You most certainly can! As a matter of fact you can get better black and white reception on a color set than you get on a regular set. You have a much more powerful machine in a color set and you naturally will get a better quality picture. We'll be happy to demonstrate in your own home.

4. WHY DOESN'T ANY COMPANY BUT RCA VICTOR MAKE AND MARKET A SALABLE COLOR TV SET?

Because RCA Victor is the only firm who was willing to spend \$130,000,000.00 (one hundred and thirty million dollars) to engineer and develop color. That's the only reason. RCA Victor knows that color TV is the television of the future and you will certainly agree once you have seen it.

5. IS COLOR TV HARDER TO ADJUST AND TUNE THAN BLACK AND WHITE?

It is not. A child can adjust a current model RCA Victor Color Set as easily as black and white.

6. ARE THERE MANY COLOR PROGRAMS?

Yes. You can now see living color every night of the week and there is more color being programmed all the time. It is expected that by next year 90% of the night shows on NBC will be color cast and many of the CBS shows will be changed to color.

7. ARE THE PEOPLE WHO NOW OWN COLOR TV SETS HAPPY WITH THEM?

We will be happy to furnish you with a list of these people and you can ask them yourselves. To our knowledge all these owners are well pleased. You will be too. Once you've seen Color TV you are never real happy with black and white again.

8. CAN YOU AFFORD COLOR TV?

You certainly can! Ward-Elkins is trading high, wide and handsome on old black and white sets and you can own big color TV for much less than you would expect. Call us, or come by for details. You'll be surprised! Try living color TV in your own home at our expense and see for yourself the breathtaking beauty of this newest medium of entertainment.
